

YESHIVA BNEI TORAH

Schedule for Succos, Shmini Atzeres 5782

Please note the following nihugim of the Yeshiva:

- A) For the bracha of Leisheiv, the bracha on eating covers sleeping, but only if done in the same succah. Therefore:
1. If one eats and sleeps in the same succah, one does not make a bracha on sleeping. Even if one eats dinner, goes inside for a little while, and then returns to go to sleep, one is not mevarech.
 2. If one has 2 separate succos for eating and sleeping, he is mevarech.
 3. If one eats at his friend's succah, and sleeps in his own, he is mevarech.
- B) We will say Hoshanos after Mussaf.
